Saints & Holy People

How to Search for a Word or Name

Note: The following instructions will not work if you are viewing this file in your Web browser. If you wish to search for a specific word or name, you'll need to go back to the webpage about the resource center, find the link you originally clicked on, right-click it, and choose "save as." Then save this file to your computer and open it from there.

The list is sorted by the categories on the previous page.

To search the list for a certain word or name, press Ctrl + F on your keyboard.

A search box will pop up in the upper right-hand corner.

Type in the word or name you want to search for (such as "Bible" or "Chesterton"), and press "enter."

Note: the search will only find exact matches for what you type in, so for best results, try only one word at a time.
